Thank you for providing materials for our junk model rockets this week. It was a fun and creative session that helped the children learn about following instructions and how in computing we give computers lists of commands.

Thank you for the ongoing donations for our Junk Model Castle work. We still need more junk so if you're able to donate items we'll continue collecting and will inform you via this letter when we have enough materials.

New Maths Challenge - The 99 Club

The children are continuing to work hard on their Monday morning Maths challenge. We're so proud of the way they are applying their addition skills to develop number fluency.

Read, Write Inc. Groups

This week the children have been issued their weekly reading books and their online Oxford Reading Owl Book. Please can you ensure that your child's reading books are in school on a **Wednesday** as this is the day when we will continue to change the children's books.

Please note that we continue to assign online reading books every week on Oxford Reading Owl.

We ask that you continue to read regularly with your child and to record the reads in the yellow reading record book.

Relationships and Health Education and PSHE

Next week in Relationships and Health Education, following on from our work on Life Cycles, we will be teaching the children about beginnings and endings and within this work will be talking about the themes of life and death. We will take time to talk sensitively about this topic and linking this session to RE, we will have a prayerful reflection about how God loves us from before the beginning of our lifetime right through to the end and beyond.

Times Table Rock Stars

Please note that we have now added the 5 times table to Times Table Rock Stars for you to access at home, along with the 10s times table.
