

## Year 6 - Computing Systems and Networks: Bletchley Park

Invention

Encrypt

Over 10,000 people worked for Bletchley Park. Over 75% of the workers were women.

In 1943, the Colossus computer was constructed by codebreakers during World War II. This enormous machine was the world's first electronic programmable computer. It took hours rather than days and weeks to crack encrypted messages to help win the war.

## Key Vocabulary
