

Number Work

This week we have continued to add numbers by looking at the column method. We have looked at adding 2 + 1 digit numbers ($32 + 5$) and a 2 digit number to a 10's number ($25 + 30 = / 48 + 40 =$). We have just begun looking at what happens when it crosses over the 10 and how we "Carry the 10 over".

	tens	ones
		8
+	6	5
<hr/>

(h)	tens	ones
	6	1
+		9
<hr/>		
<hr/>		

	tens	ones
	5	6
+		6
<hr/>		
<hr/>		

(j)	tens	ones
		6
+	5	9
<hr/>		
<hr/>		

Extension

To extend your child, you might like to write a few column sums for them to practise the method.

SPaG

Punctuation

We have recapped all the targets so far this term: capital letters, full stops, finger spaces, tricky word spellings and adjectives.

Extension

Can you write a few sentences including all the targets one the back?

Phonic Focus

This week we have been looking at the tricky words learnt so far this term.

Extension

Can they remember how to spell words from week 3/ 4?

Next week we will going to the Fire Station on Tuesday. Please can you check you have replied to the school office.
