A busy week

It's been a very busy week at school and we're so proud of the way the children have applied themselves in so many learning areas.

We've finished our work on Instruction writing in English and it was fun to follow the children's instructions to make and eat jam sandwiches on Tuesday! We've been really impressed with the way the children have applied themselves during this English work.

As you know, the children went on our trip to the beach and the church on Wednesday. We were so happy with the way they played beautifully together on team games on the beach and they also asked some very perceptive questions when learning about parts of the church. We are grateful to the parish for allowing us to visit the church and this experience really helped the children understand aspects of the faith first hand.

Next Week

On Monday we are excited as our children will be involved in a global arts day. As communicated through parentmail, we ask that on that day the children come to school wearing old clothes as some of the activities may be a little messy.

On Tuesday as our class love to share their talents, we'll be having a talent show. Please talk to your child about any special acts they might like to share with the class and if there's any special props they need, please provide these and also let us know any special music or songs the children may like to perform to.

Thank You and Good Luck

As this is our last newsletter of the Year 1 wanted to take this opportunity to personally thank you all for your amazing support of your children over the past 2 years.

It has been a real honour for me to work with your children and see them thrive from the very first day they started with us here at St. Augustine's School.

I've worked at the school for 24 years now and have never taught a class for 2 consecutive years. It really has been a very special time for me and it's been so wonderful to see the amazing progress your children have made.

I wish you all a very happy Summer and I'm looking forward to hearing about the continued success that the children make during Year 2.

Take care, Mrs Evans
